Rules

The following rules are in place to ensure that **Chain of Lakes Boat Rental and Tours** is in compliance with all state and local laws. These rules are enforced for the safety of all, as well as to minimize risk of damage or loss to the boat and/or personal property of passengers.

1. Bringing laptops, notebooks such as iPads and other electronic devices onto the boat is fine. If you choose to bring an electronic device such as a cell phone, camera or iPod, you do so at your own risk. It is recommended that you enclose such items in a watertight storage bag which we provide, if participating in the water sports. This will minimize – but not guarantee – potential water damage. **Chain of Lakes Boat Rental and Tours** assumes no liability for loss or damage to passengers' personal property.

2. Food, snacks and beverages, including alcohol,* are welcome on the boat, with the following exception: please do not bring foods that can easily stain the light colored carpet and upholstery (*i.e. grape juice, Skittles, Kool-Aid*). **Only those passengers age 21 or older may partake in alcoholic beverages.*

3. Garbage **may not** be tossed outside of the boat. Loose refuse is to be quickly placed into the vessel's trash container to ensure that it does not blow off the boat and litter the water.

4. Children under the age of thirteen are required by law to wear a life jacket at all times. In the event that a non-compliance citation is issued by any law enforcement agency, the customer is responsible for settlement of the ticket and payment of any ensuing fines or fees.

I acknowledge that I have read and agree to, and ensure that those in my party, abide by the above rules:

Printed name: _____

Signature: _____ Date: ____/____/____
